

3131 Series

Broaden the View

Broaden your view with our Series 3131 Rolling Patio Door.

Create the perfect transition from outside to inside with our Series 3131 Rolling Patio Door.

Self-aligning adjustable ball bearing rollers assure smooth, quiet, easy operation while equal size glass panels allows for maximum light.

Express your personal touch with attractive grids between the glass and custom shape transoms and sidelights.

For an even more personalized look, choose a heat-reflective Hunter Green or Chocolate Brown exterior while keeping a beautiful White interior that will complement any decor.

If you want to achieve a new look on the interior, our Series 3131 Rolling Patio Door is also available with a choice of three maintenance-free simulated wood grains. And for a warmer option, choose our all Beige patio door.

Available with single and double-lite operating sliders, fixed and operating combinations, the only limitation is your imagination.
