Our one-of-a-kind casement features a pleasingly beveled frame, slim lines, maximum glass exposure and concealed hinges that combine to create a sleek appearance, inside and out.

Advanced window technology offers a 90° opening for optimum ventilation.

This collection also offers an awning window, Bay and Bow windows, special shapes and multi-lite casements with multiple ventilation options.

Our expertly designed single lever multi-point locking system not only allows for easy operation but also provides the ultimate strength and security.

Our contoured collapsible handles are available in white, beige, bronze, brass, antique brass and brushed nickel to match any decor. (*Shown in White*)

Our Series 700 is available with heat-reflective Hunter Green or Chocolate Brown exteriors and beautiful White interiors. For additional interior options, choose from three maintenance-free simulated wood grains for the interior, with pristine white exteriors..

3-lite casement
