*Series 6400 Vinyl Sliding
Patio Door*

- Elegant slim line design adds style, value and comfort to any home
- 3/4" tempered, insulated glass with warm-edge technology provides safety and optimum energy efficiency
- Multi-chambered vinyl extrusions enhance thermal performance
- Fusion welded frame and sash provides exceptional structural strength
- Steel reinforced door panels enhance overall durability
- Adjustable, tandem steel wheels and heavy duty hardware provide smooth, easy operation
- Hidden drainage systems in frame and sash assure a watertight structure
- Equal size glass lites and a high glass to vinyl ratio make the 6400 one of the most architecturally attractive patio doors available
