***500 Insulated Thermal-Break, Single-Hung
Horizontal Sliders, Arch-top & Picture Windows***

- Continuous extruded nail-fin on all frame sections for fast, easy installation
- Warm-edge insulated glass reduces condensation and improves thermal efficiency
- Sashes interlock for added strength/security
- Thermal-break design in frame and sash provides superior energy efficiency and year-round savings
- 3/4" insulating glass provides energy saving thermal performance.
- Vinyl bulb seal spans bottom of operable sash to minimize air and water infiltration
- Sloped-sill for easy water run-off
- Positive sash lock provides security and helps keep the frame and sash weather-tight
- Weather-stripping at interlock and sash stile helps reduce air and water infiltration
- Integrated lift rail allows you to easily operate the bottom sash
- Choice of White, Bronze or Sandstone Finish color options
- Aluminum frame and sash components are precision cut and assembled to make joints weather-tight
